REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art did not disclose a stackable container stabilizer comprising an upper ring, a lower ring having a larger diameter than the upper ring, at least one leg attached to the upper and lower rings, the leg comprising a ledge shaped so as to support a downward force, the ledge defined by a bend, the ledge located below the position where the lower ring attaches to the at least one leg, wherein the at least one leg is an elongated U-shaped member comprising a closed end and an open end defined by two portions of the U-shaped member; the upper ring attached to the at least one leg proximate the closed end such that a loop is formed above the upper ring by the closed end of the at least one leg; the ends of the two portions of the U-shaped member adapted to engage the ground.

And, the method of inserting the legs of the above stackable container stabilizer into the ground, pulling up the at least one loop to remove the stabilizer, and inserting a plant container into the interior volume of the stabilizer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
